

BRUSH UP!

Get schooled with one of the best in beauty tech.

POWER UP Why do you need a face brush? Reaching over 400 rotations per minute, this dual speed, power-packed brush cleanses your face and removes make-up 85% better than your hands ever could!

LUMINOSITY ON Results are immediate. Thanks to its rotating action, you can also polish away past skin damage. Women have reported youthful looking skin that's softer and smoother. Plus, we just like getting that clean slate after a long day at work.

PARTNER IN GRIME Your skin will be thoroughly prepped after to absorb all the skincare in your routine — better and quicker. Bonus: It's great for daily use, even on sensitive and acne-prone skin.
